

Now You Can Get Custom Truck Tarps for Stock Tarp Prices

You've seen the legislation pending: soon you won't be able to haul anything on state roads in open trucks without a full size protective tarp.

Call THOR today and outfit your entire fleet! We will manufacture a tarp of any size, from three materials in three configurations for not much more than you now pay for off-the-shelf varieties.

Protect the public — and your good compliance track record!

1

Three Styles

- ① Hemmed with grommets
- ② Hemmed, with grommets and 6" pipe loop at one end
- ③ Pipe loops at both ends

100% Made in USA!

2

Three Materials

- Woven polypropylene with 95% shade that protects while letting air and water through
- Woven polypropylene with 80% shade
Good for short hauls
- Heavy duty vinyl coated nylon for long hauls

100% Made in USA!

- *Extra heavy duty material with high strength to weight ratio*
- *All synthetic, so won't rot or mildew*
- *Mesh lets air through to relieve air pressure which tears most ordinary tarps*
- *Great puncture and abrasion resistance*
- *Two week turnaround on most custom tarps*
- *Rush service available*

Typical Tarp Users

- ➔ *Construction contractors hauling demolition debris to landfill*
- ➔ *Waste haulers with roll off fleet*
- ➔ *Manufacturers who need to ship large equipment on a flatbed*

3

Custom Made

- Tell us your dimensions and we'll make a tarp exactly to your specs
- Grommets and pipe loops standard; Velcro® & other fasteners possible
- Heavy duty double sewn or waterproof heat sealed seams

100% Made in USA!
